

Thank
You

Your thoughtfulness
has meant
so much.

Dear Chris,

I know that this thank you is long overdue, however when you brought over that big piece of metal to go over my gutter area, you gave me the freedom to come and go! what a difference that act of kindness made for me!! Thank you so much!!

My surgery was very successful (total knee replacement) and my pain is gone!!

Although I wasn't able to get a lift on my car - I will keep your name on my refrigerator for possibly for a possible future job.

God Bless! Paula Henry
